

Sexuality Attitude Continuum

Read the statements to the group

- A. Homosexuality is not normal
- B. People are born gay, they do not have a choice about their sexuality
- C. It would be difficult for someone to 'come out' at this school
- D. The more you teach about homosexuality the more likely teenagers are to become homosexual
- E. Homosexuals have a hormone imbalance
- F. Attitudes to homosexuality have changed
- G. Someone would never choose to be gay
- H. Transgender operations should be easier to have on the NHS
- I. All lesbians have had a bad experience with a man
- J. Lack of a male role model/father causes boys to grow up gay
- K. Gay men are paedophiles
- L. People who are bisexual are just greedy
